Thursday – October 7th

Thursday – October 21st

Recycle pick-up dates:

Thursday – October 14th

Thursday – October 28th

Free WIFI at the clubhouse

Account name - "madronehill"

Password - "mhmhp8401#"

HOT SOX

A couple of residents have generously made several Hot Sox as gifts to other residents. These are rice filled socks that you heat in the microwave and use like a heating pad for your aches & pains. We have several in the office. Please call or visit the office, if you would like one. We appreciate the kindness of those who made these gifts.

Rosary Prayer Group

There is a small group that talks on the phone to plan Rosary Prayers & prayer request (remotely) once a week. For more information call:

Lorna 541 973-5028

The Clubhouse Is Closed to all Groups

In order to protect our community from the possible spread of COVID, the clubhouse is now closed for all gatherings until further notice.

Residents can still enter the clubhouse to pick up food at the food bank shelves, use the laundry room or access books. Thank you.

Notary Services

Notary services are now available at the office. Standard notarial fees apply.

SMOKE ALARMS

Smoke alarms are a key part of a home fire escape plan. When there is a fire, smoke spreads fast. Working smoke alarms give you early warning so you can get outside quickly.

SAFETY TIPS

- Install smoke alarms in every bedroom. They should also be outside each sleeping area and on every level of the home. Install alarms in the basement.
- Large homes may need extra smoke alarms.
- It is best to use interconnected smoke alarms. When one smoke alarm sounds, they all sound.
- Test all smoke alarms at least once a month. Press the test button to be sure the alarm is working.
- Current alarms on the market employ different types of technology including multi-sensing, which could include smoke and carbon monoxide combined.
- Today's smoke alarms will be more technologically advanced to respond to a multitude of fire conditions, yet mitigate false alarms.
- A smoke alarm should be on the ceiling or high on a wall. Keep smoke alarms away from the kitchen to reduce false alarms. They should be at least 10 feet (3 meters) from the stove.
- People who are hard-of-hearing or deaf can use special alarms. These alarms have strobe lights and bed shakers.
- Replace all smoke alarms when they are 10 years old.
